scale of Rs. 7300 7600 may also be applied for posts in Indian Ordnance Factories and Municipal Corporation of Delhi. (41 3)

25. As a long term measure, Government may examine the introduction of a modified flexible complementing scheme for the officers of the CHS and Allied Cadres to ensure prospects of promotion to them as the conventional method of sanction of higher level posts in these cadre for career progressing is difficult. (43)

26. On merits of the demand considered in isolation, we recommend increasing the age of retirement of doctors to 60. The Government may, however, take a decision in the matter in the context of the general policy of the Government. (46)

27. The benefit of added years of service' available under rule 30 of CCS (Pension) Rules may also be made applicable for recruitment to the GDMOs Sub-cadre even in respect of MBBS degree holders by suitable amendment of rules. (47)

28. The formation of the Indian Medical and Health Service should be taken up for implementation even if all the State Governments do not participate initially. (49)

29. All new entrants to the CHS should under a basic course of training of 8 to 18 weeks' duration. Refresher course should be arranged at 3 levels viz. Executive, Advisory and Higher Administrative. (51.1, 51.2)

30. Adequate opportunity should be provided to the doctors to ensure continuing Medical Education. (53,54)

31. Study leave provisions may be amended to provide for Study Leave for 3 years instead of 2 years as Post-Graduate courses are of the 3 years duration in medical field. (55)

32. A High level Expert Group should be appointed to examine the whole structure for provision of Medical and Health Services which may go into such matters like converting Central Health Service as one unified cadre and measures to restrict the intake of the officers at the entry level by operating a percentage of posts at base level by deputation and short-term contract.
